

Looking for an unforgettable birthday party experience for your child?

Then a kick'n Karate Birthday Party at New England Martial Arts is the answer! Not only will your child enjoy the party of a lifetime, but you won't have to worry about planning, setting up, hosting or cleaning up. What can be better than that?

Our kick'n Karate Birthday Party experience starts out as a fun group lesson, where your child gets to shine as the instructor's assistant. The children will participate in karate themed skills courses, games and challenges incorporating every child present at the party. This is a true Martial Arts extravaganza the whole family can enjoy!

The unique group Karate lesson is followed by pizza and juice, and the highlight of the party; your child gets to cut the cake with a real Samurai Sword (With the help of a Black Belt instructor, of course!) The party wraps up after your child opens the gifts and thanks their guests. Everyone leaves with an unbeatable experience!

Our instructors are knowledgeable, and energetic, leading the children on a Martial Arts adventure they will never forget! Let us plan the party of a lifetime for your child, you and your guests!
